REVENUE OFFICERS RAID STILL

Friends Fear That Woman May Have Taken Her Life

SEARCH IS BEING MADE FOR NELLIE SPINDLER

The police of Richmond and the bay cities are conducting a search for Miss Nellie Spindler, who disappeared from the home of Mrs. E. J. Connor at Stege Junction Wednesday night. Mrs. Connor is afraid that the woman has taken her life, as she has developed homicidal tendencies at different times. Miss Spindler had been an inmate of a sanitarium at Napa and was discharged about ten days ago.

Mrs. Connor was doing some sewing for the woman and it is her opinion that Miss Spindler thought an attempt would be made to send her back to the sanitarium. Wednesday evening she disappeared and since then no trace of her has been found.

Miss Spindler is 35 years of age, 5 feet 8 inches tall, weight 115 lbs., very slender. When she left the Connor home she wore sealskin hat with a yellow band, brown coat with yellow dots, black and white check dress and low shoes.

Richmond Club Ladies' Before Xmas Sale Sat.

Saturday, starting at 10 a. m., the ladies of the Richmond club will have a before Christmas sale at the Shoe Mart at 617 Macdonald avenue of articles that were not disposed of at the recent very successful bazaar. The ladies have a number of very desirable articles that will be suitable for Xmas presents, and that they will sell at very reasonable prices.

Next Wednesday evening the annual election of officers of the Contra Costa Central Labor Council will be held.

John Sales and Miss Grace Benick of this city secured a marriage license in San Rafael yesterday.

FUNERAL OF VICTIM OF COLLISION ON MONDAY

All of the victims of the auto-street car accident which took place Wednesday afternoon, in which Bruno De Luca lost his life, were last evening reported as getting along all right. Their bodies are sore but otherwise they suffered no material injuries, with the exception of F. McCauley, who is still in the hospital. Dr. St. John Hely, the attending physician, stated that a thorough examination of McCauley did not show any internal injuries, but he was very weak from loss of blood on account of the severing of the artery in his wrist.

De Luca's Funeral
The funeral of De Luca will be held Monday morning at 9:30 a. m. at the St. Paul's Catholic church at San Pablo, and the interment will be in St. Joseph's cemetery.

Jumped for His Life
From additional facts gathered yesterday, it seems that De Luca was not seated in the automobile, but was standing on the running board. When he saw that a collision was unavoidable he jumped, and the motion of the fast moving automobile threw him underneath the trucks of the car, and the wheels passed over his body.

Ingram's Escape.
How George P. Ingram, the driver of the auto, got underneath the street car is something that no one can tell definitely. The only thing Ingram now is that the collision occurred, and he found himself near death's door. He had presence of mind enough to grab hold of some rods, and it is to this action that he ascribes the saving of his life.

Theory of Police
It is the theory of the police that when the collision occurred that Ingram was shot through the windshield through the force of the impact, against the side of the street car, and then falling down to the ground between the car and the auto that he was rolled underneath the street car. Both the car and the auto were in motion at this time.

W.M.T. Company Asks Permit Auto Stage Line to Ferry Point

The filing of an application yesterday with the railroad commission by the Western Motors Transport company for a permit to operate stage lines between Ferry Point, Richmond and Vallejo, and between Antioch and Sacramento means big things for Richmond.

Behind the move is an effort to have the Monticello steamship company, which plies between Vallejo and San Francisco to make a landing at the municipal wharf here and in the event that the Santa Fe is not permitted to resume its ferry service as before the war, the transport company would still be able to provide a service for its direct passenger business that would originate in all parts of the state.

Frank Everman, the traffic manager of the company, is of the opinion that with the erection of a terminal depot at Ferry Point, that the business that could be developed would be immense. There are thousands in the state who desire to make a trip to the metropolis in their own auto and if an immense parking station is provided, they can leave their machines, go to San Francisco, complete their business, return on the ferry, take their auto and proceed on their way home.

In the event that the San Francisco-Oakland Terminal railway decided not to extend its sixth street car line to the northern section of the city and to Giant, the statement has been made that the transport company will put on a line of buses and provide for the care of this business.

MOOSE CHRISTMAS TREE PARTY FOR THE CHILDREN THURSDAY NIGHT

Next Thursday night will be a gala one for the members of the Moose lodge, and their families and children's friends, as the Christmas tree and entertainment has been fixed for that date.

There will be a Christmas tree, a yuletide program, old Santa will be there, and there will be candy, popcorn, fruit and other presents for all.

Members are permitted to bring any children they would like to attend. It is going to be a big night for the kiddies.

The decorations for the evening will be elaborate, and will be under the direction of the following committee: A. G. O'Loan (chairman), W. B. Jenkins, Louis Koser, E. Lehnart, P. Jasvin, A. Arnold, J. Alexander, D. L. Mitchell, Fred Sprau.

The program is being prepared under the direction of Jack Crow, who is chairman of the entertainment committee.

GRADUATION EXERCISES THIS EVENING

The mid-term graduation exercises of the schools of Richmond will start this evening with exercises at the Fairmont school at El Cerrito, on Monday night at the Washington school, Tuesday night at Lincoln school, and Wednesday night at the Grant school.

There will be 121 who will graduate from the different schools. All of the schools close for the holiday vacation on December 22nd.

Benefit Whist at El Cerrito

In order to provide Jessie Peterson and family with furniture for a home to be occupied by them soon, the citizens of El Cerrito will give a benefit whist benefit the early part of January.

Peterson lost his home on Lexington avenue this week by fire. It was completely destroyed.

9. Is organized religion dying?

Boy Takes Poison Account Trouble In Fresno School

Duncan, aged 14 years, is on his way back to Fresno and the school he did not like. He has changed his mind about wanting to die.

Chester was taken from a Southern Pacific train yesterday in a semi-conscious condition. For several hours he lay on a hospital cot and efforts to gain his name or address were unavailing. When he regained consciousness he revealed his name and the address of his relatives. His brother, Lee R. Duncan, came from the southern city to take this evening.

CAZZA BROS. CAUGHT IN THE FEDER'L DRAGNET

Quite a bit of excitement was caused at San Pablo yesterday when revenue officers raided an illicit still, confiscated the outfit, poured out a lot of grappa and got two men in the dragnet.

As a result of the raid, John and Louis Cazza, vegetable peddlers, who serve a large number of the residents of Richmond, were arrested. They were taken before Police Judge Odell, acting for the federal authorities, and put up \$500 apiece, bail. They will appear before Commissioner Francis Krull in San Francisco this morning to plead to a charge of having intoxicating liquors in their possession.

The revenue agents state there was a third man connected with the illegal operations, but he managed to get away.

The heads of kegs containing liquors was knocked in, and bottles ready to deliver were broken, and the much sought after stuff was allowed to run away in the ditch.

There were a number of bystanders who watched the proceedings and tears dropped from their eyes, as they watched the grappa run to waste.

It is the opinion of the officers that much liquor has been peddled by the men under arrest.

ROBBERIES AROUSE THE CITIZENS OF EL CERRITO

On account of the many robberies that have taken place in El Cerrito lately, the people of that city are aroused and intend to put a stop to them, and as a result, strangers are liable to get themselves in trouble.

P. Pankowits of 814 Castro street, Oakland, had an experience last evening in the county line town that he will remember for some time. In company with a companion he went to El Cerrito last night to pay a visit to a friend. As the houses are not numbered, they were making an effort to locate the place when their actions aroused the suspicions of George Carrick and George Christensen. They kept watch on the two strangers for a time, and the shadow work caused Pankowits and his companion to run. A chase then ensued and Pankowits was finally captured and taken before Justice of the Peace A. H. Mackinnon, where he convinced every one present that his trip to El Cerrito was a legitimate one. He was much relieved when he was allowed to depart.

In the future, however, it would seem as if it would be a good plan for outsiders to bring identification cards with them when they visit the county line town.

Richmond Theatre Packed Houses at Elks Charity Show

The members of the Elks lodge are much pleased with the result of the Charity show that was given

at the Richmond theatre Wednesday and Thursday nights. Packed houses greeted the players on both occasions and a large sum of money will be netted.

The proceeds are to be used to provide for the needy of the city during the holiday season and provide cheer in many a home that otherwise would be lonely.

OFFICIAL PAPER CITY OF RICHMOND

THINKOGRAPHS by F. J. HULANISKI

CRIMINALS PLACE THE BLAME

All over the country in the wave of crime that has been going on wherever the criminals have been incarcerated they have invariably placed the blame for their downfall upon liquor. Nearly every one of the young men who have been caught in the meshes of the law's net says that his troubles, his falling into bad habits and his final disgrace are all attributable to booze, and they know what they are talking about.

All of the three young men who were recently lynched for crimes committed upon women and girls in San Francisco said the same thing—that they had been drunk on bootleg booze. One especially admonished fathers and mothers to keep their boys off the streets nights and to keep them away from liquor and its blighting and damning influences.

There is a lesson here which all may take to heart who will. The young men who have been and are committing crime all over the country, and especially in the big cities, are not naturally criminals—their environment and associations have been the cause of their downfall, and so thousands of them have gone wrong and continue to go wrong every day and night.

One would think that if the booze dealers had a single spark of manhood or decency in their makeup they would see the awful results of their nefarious business and quit it, but that is the whole trouble—they have no manhood or common decency and are worse than the criminals they are manufacturing, for they know what they are doing and the terrible results. They would sink America's young manhood and womanhood into the lowest depths of hell for a few dirty dollars in their own pockets, and it is a wonder God does not blight them from off the face of the earth.

In life things are not what they actually seem.

There's many a crooked deal;
And many a man wears an automobile cap
Who hasn't an automobile.

The loudest complaint comes just now because the consumer is refusing to consume. Ah, ha! The worm has turned, and there is much beating of breasts and tearing of hair thereat. When the consumer quits consuming it upsets the calculations of even the philanthropic profiteer.

Mr. Burleson now comes to the front with a postal deficit of \$17,270,482. If there is any one governmental department that does not show millions of deficit, we have not yet heard of it. And yet the appropriation was five billions. The absorbing propensities of a politician beats a sponge clear out of sight.

Twenty-four men at Los Angeles are charged with violation of the prohibition law in the handling of sacramental wine. We thought this religious wave was a bit too big to be true.

Owing to bootlegging and attendant crimes the city and county jails at Los Angeles are crowded to capacity, with over 300 prisoners and more being kept otherwise. Those desiring jail accommodations must apply elsewhere.

Law-breaking is the most un-American thing any of us can do, whether it be booze, burglary or bigamy.

SAVE THE CHILDREN

Herbert Hoover is making good progress toward the raising of the necessary \$23,000,000 to save the lives of millions of little children who must starve to death unless the aid is forthcoming from Americans. Many rich men and various civic bodies, lodges and industries have pledged large amounts, the moving picture industry pledging \$2,500,000 a few days ago. The Literary Digest, which is helping nobly in this grand, good work, has raised over a million dollars the first month of its campaign, all of which is voluntary contributions sent in from all over the country by people in every walk of life. Some give a thousand, some a hundred, some ten, some five and many only a dollar, but it all helps and in the aggregate is mounting up to big figures.

Every dollar reaches the starving mothers and children, without a penny of expense account to it, and committees of the biggest and best men and women of America are attending to the purchase and distribution of food and clothing for the destitute.

Quotas have been set for the various states, and the money will be raised and the lives of millions of suffering little kiddies will be saved. Thank God for this! There never was a more worthy cause, and any one who can spare a dollar ought to give it. Ten dollars saves the life of one child until next harvest, and gets it an overcoat and pair of shoes besides. We have written about this before, but feel that it should be given the widest possible publicity. Just think how we would feel if it were our little children! They are innocent and helpless, and no blame attaches to them, for war or anything else. In the name of the pitting Savior let us all do our bit and save these little lives!

Babe Ruth got \$10,000 the other day for permitting a New York firm to make statues of him, and another \$10,000 for writing a hair tonic testimonial. If this is not downright silliness on the part of thousands of people, what is it?

Mixing religion into the warfare going on over in Ireland does not appeal to us as being good sense. There are over 16,000,000 Catholics in the United States, and we do not believe one out of a thousand of them favors any such blood-letting as is practiced by both sides of the Irish rumpus.

The road between the producer and the consumer should be kept open and made shorter. It is paved with good intentions, like other well known places, but it is too rocky for good traveling. Looking now at the final results, and also at the fifty barrels of booze for the Democratic National convention, one wonders whether they wet their whistles too much or not enough.

The Senate Committee now sharply criticizes the national coal industry, with implied threat of drastic legislation to meet evils of profiteering and speculation. Seems like we have heard something like that before.

It has been amply demonstrated that the prize fighting game, and all pugs and pug-uglies that go with it, is largely contributory to crime and lawlessness, yet the city dailies continue to play up page after page of this and other sport news and features, filling the minds of youth with stuff of that kind, instead of something which might be a benefit instead of a bad influence.

Big Double Bill
At the Theatre
For Next 2 Days

Today and Saturday a big double comedy bill will feature the program at the Richmond T. & D. theatre, including "On with the Dance," a fun producing feature, and Charlie Murray in "Gee Whizz," a Mack Sennett comedy. In addition there will be Select and Ford News reels.

The flirtatious husband has been the butt of many a jest in Paramount Mack Sennett comedies depicting the married life of the imaginary characters therein portrayed, which married life, although beset with troublesome complications, has always evoked howls of laughter from motion picture audiences.

But, as is shown in "Gee Whizz," a new Paramount-Mack Sennett comedy, there are two sides to this question as to all others.

The marital mixup in which there ing.

is a confusion of wives who are the innocent victims of circumstances, provokes numerous laughs and in every respect this is one of the most entertaining films of the season.

Richardson was the director. The cast includes such well known film comedians as Kalla Pasha, Eddie Gibbon, Fanny Kelly and Harriet Hammond.

Just beat time
with your feet.

—and you can play the Manualo as beautifully as an artist plays a
piano. All you do is work the pedals as if beating time. The Manualo
responds to the musical feeling you instinctively put into the pedaling
as the piano responds to the fingering of a fine pianist.

The Manualo
The Player-Piano that is all but human

MADE BY

Baldwin

Builder of Incomparable Pianos and Player-Pianos

Our A. B. C. Book explains why, through the pedaling, you can control
the Manualo and make it play just the way you want. Our book,
"How to Know a Good Piano", tells how a
piano should be made to give you full value
for your money.

The Manualo may be had in any Baldwin-made
piano—the Baldwin, Fillington, Hamilton,
Howard. Come in and try it.

A WONDERFUL GIFT!

A Player for Christmas

What more wonderful gift in the home than a Player Piano to unfold the
beauties of music during the years to come!

We carry a most comprehensive line of Players—the very best that can
be had in a wide range of prices and styles to suit every home.

There is first the AEOLIAN PLAYER PIANO, a moderately priced instru-
ment, which will give good long service.

Then we offer the PIANOLA line which has many exclusive Player fea-
tures which produce fascinating results.

And then there is the DUO-ART, the most marvelous of all Players—a
fine player which you can play with any roll according to your ideas
of expression; and a wonderful reproducing instrument which brings the
great masters right into your own home to play exactly as they do on
the concert stage.

We cordially invite your inspection of our Players. We gladly arrange
convenient terms on any instrument.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with coated tongue, foul breath or a dull headache; or if your meals sour and ferment, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, acids and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to headaches, backaches, bilious attacks, constipation or stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying the morning inside bath.

Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.—Adv.

THROAT TROUBLE CURED

Oakland, Nov. 1, 1920. To whom it May Concern:

I suffered from throat trouble for 15 years, during which time I could neither eat nor swallow without pain. I became very weak and was unable to work for months. I had numerous doctors and then tried a Throat specialist, who told me that my trouble was due to the blood. He advised me to take blood medicine. Thereupon my brother, who had been cured of Stomach Trouble by the FONG WAN HERBS, urged me to try them. After drinking the herbs for 15 weeks, I felt entirely well. I have since gained 26 pounds. It is 10 months since I took the herbs, and I am now giving this testimonial to let the public know that any sufferer should try the FONG WAN HERBS. I am a watchman for the California Food Specialties Co.
